

# The Parent Connection

## EDGEFIELD COUNTY SCHOOL DISTRICT

The Parent Connection is Edgefield County School District's way of directly communicating with parents regarding important dates and events occurring in your child's school and the school district. It is our goal to ensure parents are engaged, empowered and enriched by the connection between home and school. We understand parents are their child's first and most important teachers and together we can build a relationship to guarantee your child receives the best education possible.
